

PARKING AND ROOM-FINDING DIRECTIONS

2505 SE 11th , #271 – The Ford Building

A 3-story brick building, kitty-corner from Genie’s Cafe

11th goes one-way south, so go down 11th and turn right into the lot behind the building, or left into the lot across the street. You may park in any unreserved space, whether marked ‘visitor’ or not. If there are no spaces in these lots, Division eastbound has street parking outside the building until 4 pm, and Ivon, Clinton, and 10th often have spaces.

The building entrance is on 11th. Once inside, walk a few steps and you will see marble stairs to your left (not as grand as they sound!) Go up one flight, exit to the corridor, and head left. Wend your way eastwards down the hall, past the drinking fountain, then hang a right, then a quick left (where the hallway doglegs), then continue to the very end of the hall. We are in **room 271**, right at the end.
